BY-M17R

On-camera condenser shotgun microphone

Instruction Manual

INTRODUCTION

Thanks for choosing BOYA!

The BY-M17R is a limited-budget super-cardioid shotgun microphone, which is specially designed for DSLRs, camcorders and audio recorders. With its good quality and super-cardioid polar pattern, it could be widely used in daily recordings, such as video shooting, vlogging, podcasting and more.

Features with a standard 1/4" mount thread, it allows BY-M17R to be mounted on any standard cold shoe mount. With integrated shock mount, it could effectively reduce vibration during any shooting environment. Constructed by solid ABS, the BY-M17R is of super light-weight, but yet it picks up crystal clear sound.
