Professional Omni-directional Lavalier Microphone

## Omnidirectional Polar Pattern

The lavalier mic with the omnidirectional polar pattern provides a uniform frequency response at the direct and off-axis sections of the capsule, and is noted to reject clothing, contact and handling noise more efficiently.

### Features:

- Professional Clip-On Mic for Camcorders, Audio recorders etc.
- Omni-directional condenser microphone
- Broadcast-Quality condenser mic
- XLR output connector
- All durable brass body
- Includes lapel clip, foam windscreen, pouch

### Specifications

Type Electret	Electret Condenser	Power Requirement	48V Phantom Power
Capsule diameter	12.0mm (0.47")	Signal-to-Noise Ratio	80 dB
Polar Pattern	Omnidirectional	Output Connector	3-pin XLR
Frequency Response	35-18KHz +/-3dB	Accessories	Windscreen, lapel clip, pouch
Maximum Sound Input Level	120 dB	Length	Connector: 10cm (3.9")
Sensitivity	-38dB +/-3dB / 0dB=1V/Pa, 1kHz	Cable	Cable: 2m (6.6')
Output Impedance	200 ohms	Weight	109g (3.8oz)
